

```
1 import simpy
2
3 def example(env):
4     yield env.timeout(10)
5     print("now=%d" % env.now)
6     yield env.timeout(10)
7     print("now=%d" % env.now)
8
9 env = simpy.Environment()
10 p = env.process(example(env))
11 env.run()
12
13 # Output:
14 # > now=10
15 # > now=20
```

Listing 1: Example of a listing.

Listing 1 shows some code.
